

# SOVIET MATHEMATICS — DOKLADY

## ANNUAL INDEX OF AUTHORS

Volumes 31, 32

January–December 1985

Russian Toms 280–285

|  |    |     |
|--|----|-----|
| Abdullaev, A. S. <i>Asymptotics of solutions of the generalized sine-Gordon equation, Painlevé's third equation, and D'Alembert's equation</i> .....                               | 31 | 45  |
| Abdullaev, S. K. <i>On certain classes of integral operators in spaces of integrable functions</i> .....   | 32 | 171 |
| Abrashkin, V. A. <i>Group schemes of period <math>p</math> over the ring of Witt vectors</i> .....   | 32 | 310 |
| Agrachev, A. A. and Gamkrelidze, R. V. <i>The index of extremality and quasi-extremal controls</i> .....   | 32 | 478 |
| Akhiev, S. S. <i>The Riemann function of an equation with dominating mixed derivative of arbitrary order</i> .....   | 32 | 179 |
| Akhmedov, F. Sh. <i>Optimization of hyperbolic systems under nonlocal boundary conditions of Bitsadze-Samarskii type</i> .....   | 32 | 183 |
| Aliev, A. B. <i>The Cauchy problem for higher order quasilinear equations of hyperbolic type with a Volterra operator</i> .....  | 31 | 6   |
| Aliev, F. A. See Maksudov, F. G.   |    |     |
| Alkhutov, Yu. A. and Mamedov, I. T. <i>Some properties of the solutions of the first boundary value problem for parabolic equations with discontinuous coefficients</i> .....      | 32 | 343 |
| Almamedov, M. S., Aslanov, A. A., and Isaev, G. A. <i>On the theory of two-parameter spectral problems</i> .....   | 32 | 225 |
| Almamedov, M. S. and Isaev, G. A. <i>Solvability of nonselfadjoint linear operator systems, and the set of decomposability of multiparameter spectral problems</i> .....           | 31 | 472 |
| Amirov, A. Kh. <i>On a class of inverse problems for kinetic equations</i> .....   | 32 | 175 |
| Amosov, A. A. and Zlotnik, A. A. <i>A difference scheme for the equations of motion of a viscous heat-conducting gas, its properties, and error estimates "in the large"</i> ..... | 32 | 397 |
| Andreev, A. E. <i>On a method for obtaining lower bounds for the complexity of individual monotone functions</i> .....   | 31 | 530 |
| ———. <i>A method of repetition-free reduction of the synthesis of self-correcting circuits</i> .....   | 32 | 53  |
| Anikonov, D. S. <i>Uniqueness of the determination of a coefficient of the transport equation for a special type of source</i> .....   | 32 | 511 |
| Aref'ev, V. S. <i>On the stability of nonlinear difference schemes</i> .....   | 32 | 601 |
| Arkipov, G. I. and Chubarikov, V. N. <i>On arithmetic conditions for solvability of nonlinear systems of Diophantine equations</i> .....   | 32 | 348 |

|   |        |
|---|--------|
| Arsenin, V. Ya., See Tikhonov, A. N.  |        |
| Arsenin, V. Ya. and Timonov, A. A. <i>On the construction of regularizing operators close to an optimal operator for one-dimensional and multidimensional integral equations of convolution type of the first kind</i> .....                    | 32 566 |
| Arslanov, M. M. <i>Lattice properties of degrees below <math>O'</math></i> .....  | 32 58  |
| Artemov, S. N. <i>Nonarithmeticity of truth predicate logics of provability</i> .....   | 32 403 |
| Arutyunov, A. V. <i>On necessary optimality conditions in a problem with phase constraints</i> .....  | 31 174 |
| Asadullin, M. Kh. See Nagaev, S. V.   |        |
| Aseev, V. V. <i>On quasi-invariance of the modulus of families of surfaces</i> .....  | 31 365 |
| Ashurov, R. R. <i>On localization conditions for multiple trigonometric Fourier series</i> .....  | 31 496 |
| Aslanov, A. A. See Almamedov, M. S.   |        |
| Azimov, A. Ya. <i>Duality theorems for multicriteria problems</i> .....   | 31 1   |
| Babenko, K. I. <i>On the maximum principle for the Euler-Tricomi equation</i> ....  | 32 752 |
| Babin, A. V. and Vishik, M. I. <i>On the stationary curves and unstable invariant manifolds in the neighborhood of critical points of evolution equations depending on a parameter</i> .....  | 31 10  |
| Baderko, E. A. <i>On the solution of the first boundary value problem for parabolic equations with the aid of a simple layer potential</i> .....  | 32 1   |
| Balinskiĭ, A. A. and Novikov, S. P. <i>Poisson brackets of hydrodynamic type, Frobenius algebras and Lie algebras</i> .....   | 32 228 |
| Barakat, Kh., See Gnedenko, B. V.   |        |
| Basilikas, A. A. <i>Some asymptotic properties of polynomial and modified polynomial Pitman-Linnik estimators</i> .....   | 31 178 |
| Belinskiĭ, È. S. <i>Approximation of periodic functions of several variables by a "floating" system of exponentials, and trigonometric widths</i> .....   | 32 571 |
| Belonosov, V. S. <i>Indices of instability of differential operators</i> .....  | 32 516 |
| Belyaev, A. V. <i>On the motion of an <math>n</math>-dimensional rigid body with symmetry group <math>So(k) \oplus So(n-k)</math> in a field with a linear potential. Invariants of the coadjoint representation of some Lie algebras</i> ..... | 31 535 |
| Belyaev, M. Yu. <i>Convergence of functionals of supercritical Markov branching processes</i> .....   | 32 188 |
| Bentkus, R. Yu. <i>On the asymptotics of the minimax mean square risk of statistical estimators of a spectral density in the space <math>L_2</math></i> .....   | 31 259 |
| Berezanskiĭ, Yu. M. <i>Integration of nonlinear difference equations by the inverse spectral problem method</i> .....   | 31 264 |
| Berkolaĭko, M. Z. <i>Trace theorems on coordinate subspaces for some spaces of differentiable functions with anisotropic mixed norm</i> .....   | 31 540 |
| Bidaľbekov, E. Y. See Romanov, V. G.  |        |
| Bitsadze, A. V. <i>On a class of conditionally solvable nonlocal boundary value problems for harmonic functions</i> .....   | 31 91  |

|   |    |     |
|---|----|-----|
| Bloshanskiĭ, I. L. <i>On the divergence of a Fourier series almost everywhere on a given set, and convergence to zero outside it</i> .....  | 31 | 139 |
| ———. <i>On maximal sets of convergence and unbounded divergence of multiple Fourier series of functions in <math>L_1</math> that are equal to zero on a given set</i> ....                            | 32 | 232 |
| Bochkarev, S. V. <i>Construction of a dyadic interpolation basis in the space of continuous functions on the basis of Fejér kernels</i> .....   | 31 | 475 |
| ———. <i>The conjugate Franklin system is a basis in the space of continuous functions</i> .....   | 32 | 701 |
| Bogomolov, S. A. <i>On the synthesis of automata from a finite set of experiments</i>   | 31 | 268 |
| Boltyanskiĭ, V. G. <i>Separation of a system of convex cones in a topological vector space</i> .....  | 32 | 236 |
| Bondarenko, Yu. A. and Zmushko, V. V. <i>Stability conditions for the "cross" difference scheme for the equations of acoustics in the presence of local inhomogeneities in the coefficients</i> ..... | 31 | 408 |
| Borovoĭ, M. V. <i>Abstract simplicity of some simple anisotropic algebraic groups over number fields</i> .....  | 32 | 191 |
| Bovdi, A. A. <i>A unitary subgroup and congruence subgroup of the multiplicative group of an integral group ring</i> .....  | 32 | 520 |
| Brudnyiĭ, Yu. A. and Shvartsman, P. A. <i>A linear extension operator for a space of smooth functions defined on a closed subset of <math>\mathbb{R}^n</math></i> .....                               | 31 | 48  |
| Brykalov, S. A. <i>Some criteria for the existence of solutions of nonlinear boundary value problems</i> .....  | 32 | 575 |
| Bubnov, B. A. and Semyagin, N. B. <i>Boundary value problems for a class of evolution equations with complex coefficients</i> .....   | 32 | 654 |
| Bukhgeĭm, A. L. <i>Multidimensional inverse problems of spectral analysis</i> .....   | 32 | 353 |
| Bulavskiĭ, Yu. V. <i>A method of randomizing an integral operator for solving equations of the second kind</i> .....  | 32 | 194 |
| Bulinskiĭ, A. V. <i>Asymptotic normality of random fields with mixing</i> .....   | 32 | 523 |
| Bul'onkov, M. A. <i>Mixed computations for programs over finitely defined memory with strict partitioning</i> .....   | 32 | 807 |
| Buslaev, A. P. and Tikhomirov, V. M. <i>Some questions of nonlinear analysis and approximation theory</i> .....   | 32 | 4   |
| Chan Dyk Van, See Chin' Ngok Min' [Chin Ngoc Minh]  |    |     |
| Chilin, V. I. <i>Ordered *-algebroids</i> .....   | 31 | 399 |
| Chin' Ngok Min' [Chin Ngoc Minh] and Chan Dyk Van, <i>Cauchy problems for systems of partial differential equations with a distinguished variable</i> .....   | 32 | 562 |
| Chubarikov, V. N. See Arkhipov, G. I.   |    |     |
| Daletskiĭ, Yu. L. and Maryanin, B. D. <i>Smooth measures on infinite-dimensional manifolds</i> .....  | 32 | 863 |
| Danchenko, V. I. <i>On inequalities for norms and variations of the rational components of meromorphic functions</i> .....  | 31 | 185 |

|   |    |     |
|---|----|-----|
| Danilov, E. A. <i>On factorization of a positive function on a contour of unbounded turning</i> .....   | 32 | 244 |
| Daugavet, I. K. <i>On causal extension of operators</i> .....   | 32 | 321 |
| Davtyan, A. A. <i>Anisotropic potentials, their inversion, and some applications</i>  | 32 | 717 |
| Demidenko, G. V. See Uspenskii, S. V.   |    |     |
| Denisov, D. V., Karmanov, V. G., and Tret'yakov, A. A. <i>The accelerated Newton method for the solution of functional equations</i> .....                      | 31 | 413 |
| Denisov, I. V. <i>Differential equations with a finite-meromorphic operator coefficient in Banach space</i> .....   | 31 | 569 |
| Denisov, V. N. <i>On the stabilization of time-means of the solution of the Cauchy problem for a singular hyperbolic equation</i> .....                         | 31 | 225 |
| ———. <i>On the stabilization of the Poisson integral in the class of increasing functions</i> .....   | 32 | 324 |
| Diblik, Ľ. [J. Diblik], <i>On the question of the applicability of Ważewski's topological method</i> .....  | 31 | 314 |
| Dil'bazov, K. A. See Maksudov, F. G.  |    |     |
| Domanskii, E. N. and Plichko, A. N. <i>On a generalization of Picard's theorem on solvability of a Fredholm integral equation of the first kind</i> .....       | 31 | 143 |
| Drakokhrust, Yu. A. See Platonov, V. P.   |    |     |
| Dranishnikov, A. N. <i>Aleksandrov widths and cell-like mappings</i> .....  | 32 | 731 |
| Drinfel'd, V. G. <i>Hopf algebras and the quantum Yang-Baxter equation</i> .....  | 32 | 254 |
| Drinfel'd, V. G. and Sokolov, V. V. <i>On equations related to the Korteweg-de Vries equation</i> .....   | 32 | 361 |
| D'yachkov, A. M. <i>Nontangential convergence, at a point, of a class of singular integrals</i> .....   | 31 | 188 |
| D'yakonov, E. G. <i>Methods of solving fourth order elliptic problems that are asymptotically optimal with respect to labor consumption</i> .....               | 32 | 128 |
| Dybin, V. B. <i>Well-posed statement of the Riemann problem in the case of an infinite number of zeros of its coefficient</i> .....                             | 31 | 147 |
| Dzhafarov, Arif S. <i>A constructive description of generalized Besov classes on the multidimensional sphere</i> .....  | 32 | 722 |
| Dzhafarov, V. Ya. <i>On stability of a guaranteed result in the problem of positional control</i> .....   | 32 | 618 |
| Dzhrbashyan, A. È. See Dzhrbashyan, M. M.   |    |     |
| Dzhrbashyan, M. M. and Dzhrbashyan, A. È. <i>Integral representation for some classes of analytic functions in a half-plane</i> .....                           | 32 | 727 |
| Dzhrbashyan, M. M. and Grigoryan, N. V. <i>On a new generalization of a classical theorem of G. Szegő</i> .....   | 31 | 368 |
| Dzhrbashyan, M. M. and Martirosyan, V. M. <i>Integral representations for some classes of functions that are holomorphic in a strip or in a half-plane</i> .... | 32 | 247 |
| Dzhrbashyan, M. M. and Rafaelyan, S. G. <i>Interpolation theorems and expansions in systems of Fourier type</i> .....   | 32 | 757 |

|  |    |     |
|--|----|-----|
| Dzhuraev, A. <i>Basic boundary value problems for second order elliptic systems in multiply connected domains</i> .....  | 31 | 417 |
| ———. <i>The polykernel function of a domain, kernel operators, and singular integral operators</i> .....   | 32 | 251 |
| ———. <i>Well-posed boundary value problems for elliptic systems of equations in a bounded three-dimensional domain</i> .....                                   | 32 | 762 |
| Emelichev, V. A., Kravtsov, M. K., and Krachkovskii, M. K. <i>Transportation polyhedra with maximal number of k-faces</i> .....                                | 31 | 504 |
| Emel'yanov, N. R. <i>On the complexity of the problem of expressibility in many-valued logics</i> .....  | 31 | 477 |
| Ershov, Yu. L. $\Sigma$ -definability in admissible sets .....   | 32 | 767 |
| Evstigneev, I. V. <i>Measurable selection theorems and probabilistic control models</i>  | 32 | 259 |
| Fain, B. L. <i>Extension of functions from Sobolev spaces for nonregular domains, with preservation of the indicator of smoothness</i> .....                   | 32 | 688 |
| Fam Ngok An/Kyong [Pham Ngoc An Kyong], <i>On orders of k-invariants in cobordism theories with singularities</i> .....  | 31 | 362 |
| Fedorov, A. L. <i>On weak closure of full automorphism groups</i> .....  | 32 | 642 |
| Fedorov, A. V., Fomin, V. M., and Yanenko, N. N. <i>On the theory of differential analyzers of contact discontinuities and shock waves</i> .....               | 31 | 277 |
| Filippov, V. M. <i>On quasiclassical solutions of an inverse problem in the calculus of variations</i> .....   | 32 | 646 |
| ———. <i>On variational principles for hypoelliptic equations</i> .....   | 32 | 693 |
| Filippov, V. V. <i>Axiomatic theory of solution spaces of ordinary differential equations and differential inclusions</i> .....                                | 31 | 86  |
| ———. <i>On the theory of solution spaces of ordinary differential equations</i> ....   | 32 | 850 |
| Fomin, V. M. See Fedorov, A. V.  |    |     |
| Fushchich, V. I. See Mitropol'skii, Yu. A.   |    |     |
| Gabasov, R., Kirillova, F. M., and Kostyukova, O. I. <i>Solution of linear-quadratic extremal problems</i> .....   | 31 | 99  |
| Gabidzashvili, M. A. See Kokilashvili, V. M.   |    |     |
| Gahov, S. A. and Mamedov, K. S. <i>On a pencil of operators arising in the dynamics of a compressible, stratified fluid</i> .....                              | 31 | 15  |
| Gabov, S. A. and Sveshnikov, A. G. <i>The equation of capillary gravity-gyroscopic waves on shallow water</i> .....  | 31 | 443 |
| ———. <i>Capillary Kelvin waves and diffraction in a half-plane</i> .....   | 31 | 500 |
| Gadzhiev, G. A. <i>On a multitime equation and its reduction to a multiparameter spectral problem</i> .....  | 32 | 710 |
| Galaktionov, V. A., Kurdyumov, S. P., and Samarskii, A. A. <i>On asymptotic stability of self-similar solutions of the heat equation with a nonlinear sink</i> | 31 | 271 |
| Gamkrelidze, R. V. See Agrachev, A. A.   |    |     |
| Gasanov, A. I. <i>On approximation of variational inequalities in an infinite-dimensional space</i> .....  | 32 | 610 |

|   |    |     |
|---|----|-----|
| Gavrilov, V. I. <i>Boundary singularities generated by cluster sets of holomorphic mappings</i> .....   | 32 | 579 |
| Gavrilov, V. I. and Pavichevich, Zh. [Žarko Pavičević], <i>Convergence of sequences in Carleson subclasses of functions of bounded characteristic</i> ....  | 32 | 412 |
| Ginzburg, V. A. <i>A theorem on the index of differential systems, and the geometry of manifolds with singularities</i> .....   | 31 | 309 |
| Gnedenko, B. V., Barakat, Kh., and Khemida, S. <i>On the extendibility of joint limit distributions for order statistics</i> .....  | 32 | 490 |
| Gol'dman, M. L. <i>On imbedding a Lipschitz space in a symmetric space</i> .....  | 32 | 417 |
| Golichev, I. I. <i>On the solution of nonlinear problems for parabolic equations by the method of successive approximations</i> .....   | 31 | 181 |
| Golinskiĭ, L. B. <i>An order-sharp stability estimate for the multidimensional Cramér theorem in the uniform metric</i> .....   | 32 | 820 |
| Golubyatnikov, V. P. <i>Integral submanifolds of phase spaces, and cohomotopy</i>   | 31 | 18  |
| Gorbunov, V. G. See Vershinin, V. V.  |    |     |
| Gorin, E. A. and Koldobskiĭ, A. L. <i>On potentials identifying measures in Banach spaces</i> .....   | 32 | 659 |
| Grigorchuk, R. I. <i>A connection between algorithmic problems and entropy characteristics of groups</i> .....  | 32 | 356 |
| Grigorenko, N. L. <i>Pursuit of two evaders by several controlled objects</i> .....   | 31 | 550 |
| Grigor'ev, D. Yu. See Vorob'ev, N. N., Jr.,   |    |     |
| Grigoryan, N. V. See Dzhrbashyan, M. M.   |    |     |
| Grishkov, A. N. <i>The relaxed Burnside problem for Moufang loops of prime exponent</i> .....   | 32 | 714 |
| Gulisashvili, A. B. <i>Multipliers in Besov spaces and traces of functions on subsets of Euclidean space</i> .....  | 31 | 332 |
| Gurariĭ, V. P. and Matsaev, V. I. <i>Stokes multipliers for systems of linear ordinary differential equations of first order</i> .....  | 31 | 52  |
| Guseĭnov, G. Sh. <i>On spectral analysis of a quadratic pencil of Sturm-Liouville operators</i> .....   | 32 | 859 |
| Gusevskiĭ, N. A. <i>Schottky groups in space</i> .....  | 31 | 21  |
| Gushchin, A. K., Mikhaĭlov, V. P., and Mikhaĭlov, Yu. A. <i>Estimates of the Green function and a criterion for uniform stabilization of the solution of the second mixed problem for a second-order parabolic equation</i> ..... | 31 | 448 |
| Gusyatnikova, V. N. See Vinogradov, A. M.   |    |     |
| Gutlyanskiĭ, V. Ya. and Ryazanov, V. I. <i>On a variational method for quasiconformal mappings</i> .....  | 32 | 614 |
| Guts, A. K. <i>Groups of order automorphisms of affine space and their discontinuous extensions</i> .....   | 32 | 537 |
| Gvaramiya, A. A. <i>Classes of quasigroups invariant under isotopy, and abstract classes of reversible automata</i> .....   | 31 | 545 |

|   |    |     |
|---|----|-----|
| Il'in, A. M. <i>The Cauchy problem for a quasilinear parabolic equation with a small parameter</i> .....  | 32 | 133 |
| Il'in, V. A. and Ĭo, I. [István Joó], <i>A theorem on equiconvergence with a trigonometric series for Fourier series in eigenfunctions of the one-dimensional Schrödinger operator</i> .....                      | 32 | 664 |
| Ĭo, I. [István Joó], See Il'in, V. A.   |    |     |
| Iosif'yan, G. A., Oleĭnik, O. A., and Shamaev, A. S. <i>On asymptotic expansion of solutions of the Dirichlet problem for elliptic equations and the system of elasticity theory in a perforated domain</i> ..... | 32 | 542 |
| Isaev, G. A. See Almamedov, M. S.   |    |     |
| Ismailova, N. A. and Kondrashov, V. E. <i>The use of sweep coefficients of spectral systems for estimating the spectrum of some matrices</i> .....  | 31 | 422 |
| It's, A. R. and Sukhanov, V. V. <i>A matrix Riemann problem on a system of rays and inverse problems of scattering theory</i> .....   | 32 | 137 |
| Ivanov, L. A. See Kipriyanov, I. A.   |    |     |
| Ivanov, O. V. <i>On new applications of conformally invariant compactifications</i>   | 31 | 482 |
| Kaĭmanovich, V. A. <i>An entropy criterion for maximality of the boundary of random walks on discrete groups</i> .....  | 31 | 193 |
| Kalyabin, G. A. <i>A characterization of certain function spaces by means of generalized differences</i> .....  | 32 | 583 |
| Kalyakin, L. A. <i>Long-wave asymptotics of the solution of the Cauchy problem for a system of equations with nonlinear perturbation</i> .....  | 32 | 9   |
| Kanovich, M. I. <i>Efficient logical algorithms of analysis and the synthesis of dependencies</i> .....   | 32 | 867 |
| Kapustin, N. Yu. <i>On order-sharp relations for the eigenfunctions and associated functions of an elliptic operator</i> .....  | 31 | 230 |
| ———. <i>On three boundary value problems for a hyperbolic equation in a characteristic triangle</i> .....   | 32 | 736 |
| ———. <i>On generalized solvability in the class <math>L_2</math> of the Cauchy-Goursat problem for a degenerate hyperbolic equation</i> .....   | 32 | 872 |
| Kapustin, N. Yu. and Makin, A. S. <i>On order-sharp estimates of anti-a-priori type for the eigenfunctions and associated functions of an elliptic operator of arbitrary order</i> .....                          | 32 | 67  |
| Karasev, M. V. and Maslov, V. P. <i>Mathematical theory of holographic memory</i>   | 31 | 554 |
| Karatsuba, A. A. <i>On the zeros of the function <math>\zeta(\frac{1}{2} + it)</math></i> .....   | 31 | 371 |
| Karmanov, V. G. See Denisov, D. V.  |    |     |
| Karzanov, A. V. <i>On multicommodity flow problems with integer-valued optimal solutions</i> .....  | 31 | 151 |
| Kashchenko, S. A. and Kolesov, Yu. S. <i>Diffusion instability of a torus</i> .....   | 31 | 426 |
| Kazaryan, G. G. <i>On a numerical characteristic of linear differential operators with constant coefficients</i> .....  | 32 | 263 |

|   |    |     |
|---|----|-----|
| Kaz'min, Yu. A. <i>Perturbed Appell polynomials and systems of functions associated with them</i> .....   | 31 | 452 |
| Kel'mans, A. K. <i>On the existence of the "most complex" problem in the class of problems verifiable in nonpolynomial time</i> .....                     | 31 | 578 |
| Khaitov, A. <i>On spectral analysis and scattering theory of a selfadjoint cluster operator for systems with a nonconserved number of particles</i> ..... | 32 | 506 |
| Khalilov, G. M. <i>Solution of a mixed problem for a class of fourth-order quasi-linear equations</i> .....   | 31 | 328 |
| Khapaev, M. M. See Kuznetsova, I. V.  |    |     |
| Kharabegashvili, S. S. <i>On a boundary value problem for a second-order hyperbolic equation</i> .....  | 31 | 250 |
| Khe Kan Cher, <i>On a nonlocal boundary value problem for an elliptic equation with Bessel operators</i> .....  | 32 | 596 |
| Khemida, S. See Gnedenko, B. V.   |    |     |
| Khenkin, G. M. See Polyakov, P. L.  |    |     |
| Khovanskiĭ, A. G. See Varchenko, A. N.  |    |     |
| Khrennikov, A. Yu. See Smolyanov, O. G.   |    |     |
| Kilbas, A. A. See Zabello, I. N.  |    |     |
| Kipriyanov, I. A. and Ivanov, L. A. <i>On Huygens' principle for some equations in a symmetric space</i> .....  | 31 | 429 |
| Kireĭtov, V. R. <i>The Cauchy problem in the whole space and an inverse problem for the equations of propagation of mean spatial illumination</i> .....   | 32 | 547 |
| Kirillova, F. M. See Gabasov, R.  |    |     |
| Kislov, N. V. <i>A nonhomogeneous boundary value problem for a second order differential-operator equation</i> .....                                      | 31 | 198 |
| Klibanov, M. V. <i>On a class of inverse problems for nonlinear parabolic equations</i> .....   | 31 | 104 |
